ASG ANNOUNCES RELEASE OF ASIAN SKY QUARTERLY - ISSUE 2 WITH 2015 ASIA PACIFIC BUSINESS JET FLEET REPORT

Hong Kong, April 6, 2016 – Asian Sky Group (ASG) announces the release of their second issue of Asian Sky Quarterly which will be released alongside ASG's much anticipated Year End 2015 Asia Pacific Business Jet Fleet Report at ABACE next week in Shanghai.

Asian Sky Quarterly was first launched in January of this year and strives to deliver valued information on a quarterly basis which helps its readers make better informed decisions regarding purchasing or selling a business jet and regarding the overall state of the business aviation industry across the Asia Pacific region.

"We are very excited to be able to bring you the second issue of the Asian Sky Quarterly.", says Jeffrey C. Lowe, Managing Director of ASG. "The first issue was extremely well received and performed well throughout the Asia Pacific region, but we think this issue is even better and Asian Sky Quarterly will consequently continue to gain momentum as we continue to deliver the best, most up-to-date information in the business aviation industry."

Both reports are due out for ABACE and will be available for download after ASG's press conference to be held on Monday, April 11 at 2:00 p.m. in meeting room 2 at the Hawker Pacific Hanger in Shanghai.

For copies of all of ASG's reports, please visit www.asianskygroup.com/media-reports.

About Asian Sky Group

ASIAN SKY GROUP (ASG), headquartered in Hong Kong with offices throughout Asia, has assembled the most experienced aviation team in the Asia-Pacific region to provide a wide range of independent services for both fixed and rotary-wing aircraft. ASG also provides access to a significant customer base around the world with the help of its exclusive partners.

ASG is backed by SEACOR Holdings Inc., a publically listed US company (NYSE: "CKH") with over US\$1 billion in revenue and US\$3 billion in assets, and also by Avion Pacific Limited, a mainland China-based general aviation service provider with over 20 years of experience and 6 offices and bases throughout China.
